

Providing the best cost- performance ratio of standard power supplies and services are MEAN WELL's enterprise mission. To comply with the latest updated international safety regulations and energy-saving design concept, MEAN WELL passionately researches and develops the corresponding new high cost-performance products.

When the products are gradually walking into the recession period, it means they will be replaced with the latest best products. We hope to phase out the following models step by step so that our high cost-performance products can be widely applied as well as letting our partners to have enough time for early preparation. The following is the Discontinued Products Table, which includes models which are Not Recommended for New Design or with the longer lead time. For the clear explanation, please refer to the below definition and table.

Shall you have any questions, please feel free to contact MEAN WELL sales representatives.

*** Lead time (days) :**

1. **NRND** (Not Recommended for New Design) : after more than **6~18 months**, these models may start the EOL procedure.
2. **60 days** : Consolidate manufacturing. The off-the-shelf stocks can be delivered in advance.
3. **90 days** : Consolidate manufacturing after receiving the order. May provide earlier depends on the manufacturing schedule.
4. **90 days (Last Buy: Date)** : Consolidate manufacturing after receiving the order. May provide earlier depends on the manufacturing schedule.

Last Buy Order : products with last buy condition have to meet the MOQ requirement and the shipment will have been finished in 180 days since the last buy date.

Model / Series	Lead time (days)	Replacement Series (Lead time: Regular)	Remark
TP-100/150	60	QP-150	*Better cost-performance products recommended
ELP-75-C	60	ELP-75/LPP-100 LPS-75	*Better cost-performance products recommended
